CONTEXTUAL SAFEGUARDING

Traditionally, the focus of children's safeguarding has been on risks to children which exist within a family context such as domestic abuse or neglect. However, Contextual Safeguarding recognises that adolescent children spend increasingly greater amounts of time outside the family and in other 'contexts' (neighbourhoods, retail centres, parks and open spaces etc). These are often outside of the influence of families but can have an effect on them.

We refer to these as Extra Familial Risks or Harms and can include youth violence, gangs, involvement in crime and county lines, and child sexual exploitation. Children may be vulnerable to abuse or exploitation in peer groups, the wider community, or online as well as by adults¹.

Whilst risks relating to radicalisation and terrorism are often extra-familial in nature, they are responded to via West Sussex's Prevent and Channel processes (www.westsussex.gov.uk/fire-emergencies-and-crime/preventing-extremism-and-radicalisation/) therefore sit outside the remit of the West Sussex Contextual Safeguarding Steering Group.

CORE PRINCIPLES

The West Sussex Contextual Safeguarding Steering Group is informed by 'Contextual Safeguarding' principles:

"Contextual Safeguarding is an approach to understanding, and responding to, young people's experiences of harm beyond their families. It recognises that the different relationships that young people form in their neighbourhoods, schools and online can feature violence and abuse. Therefore children's social care practitioners need to engage with individuals and sectors who do have influence over/within extra- familial contexts, and recognise that assessment of, and intervention with, these spaces are a critical part of safeguarding practices. Contextual Safeguarding, therefore, expands the objectives of child protection systems in recognition" ²

In July 2018 the Government's statutory guidance 'Working Together to Safeguard Children' was updated and makes reference to contextual safeguarding as a mechanism to respond to risk and harm occurring outside the family home.

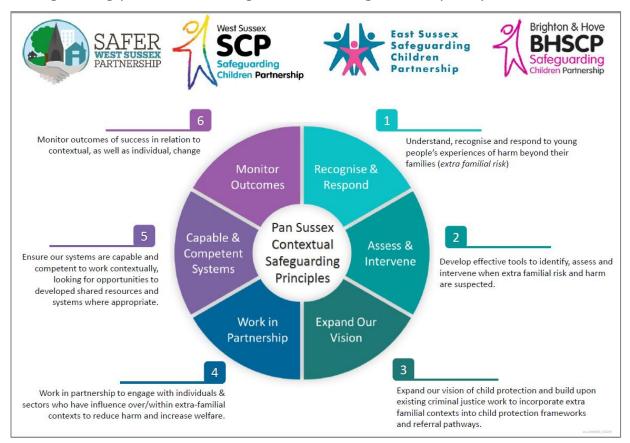

The updated national guidance is clear that the assessment and management of these cases should focus on the **context** of the child.

PAN SUSSEX PRINCIPLES

Across Sussex agencies have agreed to work in partnership to develop Contextual Safeguarding practice according to the following set of 6 principles:

PURPOSE

The West Sussex Contextual Safeguarding Steering Group is a multi-agency partnership consisting of key representatives from agencies and authorities across West Sussex.

The purpose of the steering group is to:

- 1) Understand the model of contextual safeguarding and the applicability of its implementation in West Sussex
- 2) Ensure there is co-ordinated and effective multi-agency work to promote contextual safeguarding practice across the County
- 3) Empower front-line practitioners (inc. those working in WSCC Children's Services) to draw upon the tools and skills required to understand, adopt and embed contextual safeguarding practice

4) Steer appropriate work to achieve relevant aspects of the West Sussex Child Exploitation Improvement Plan regarding Contextual Safeguarding

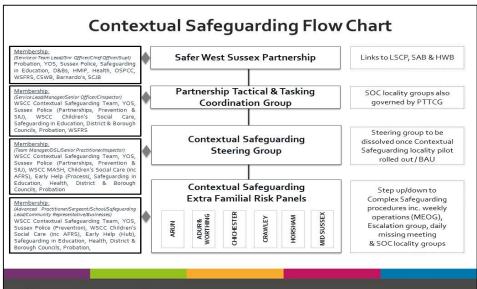

COMPOSITION

The Steering Group is chaired by the West Sussex Contextual Safeguarding Manager, who also sits on and provides a link across to the Exploitation Subgroup, Partnership Tactical & Tasking Coordination Group (PTTCG) and the Safer West Sussex Partnership Executive Board.

Group membership comprises professional representation from the following Agencies/Organisations:

- District/Borough Community Safety / Safeguarding Team(s)
- West Sussex Council Contextual Safeguarding Team
- West Sussex County Council Children's Services Adolescents Team
- West Sussex County Council Children's Services Exploitation Coordinator
- West Sussex County Council -Early Help (formerly IPEH)
- West Sussex County Council Youth Justice Service (YJS)
- West Sussex County Council Safeguarding In Education Team
- Sussex Police Partnerships Manager
- Sussex Police Prevention Inspectors
- Sussex Police Missing Person Team
- Probation Service
- West Sussex Schools Safeguarding representative
- West Sussex Alternative Provision Centre

The governance, management and operational delivery within the **locality** responses to Extra Familial Risk and Harm are depicted in the flowchart below:

FREQUENCY OF CONTEXTUAL SAFEGUARDING PANELS

Contextual Safeguarding Steering Group meetings are to be held bi-monthly for the first year, with review after a year of operation.

INFORMATION SHARING

Government guidance puts preserving life and promoting safety as key considerations when seeking to balance confidentiality and disclosure.

Information sharing about children, young people and adults can be based on the legal authority of:

- a) Children Act 1989
- b) Crime & Disorder Act 1998
- c) Human Rights Act 1998
- d) Care Act 2014
- e) Working Together to Safeguard Children 2018
- f) Data Protection Act 2018
- g) General Data Protection Regulations (GDPR) 2018 Article 6(1)(e)

TECHNICAL SUPPORT

Technical support is provided by the West Sussex Contextual Safeguarding Team on behalf of the Contextual Safeguarding Steering Group and Safer West Sussex Partnership. Queries should be directed to Jim Bartlett, Contextual Safeguarding Team Manager or Claire Clilverd, Contextual Safeguarding Lead Officer via communitysafety.wellbeing@westsussex.gov.uk

APPENDIX A: <u>EXTRA FAMILIAL HARM DEFI</u>NITIONS

Child Sexual Exploitation (CSE)

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology. ³

Criminal Exploitation (CE)

Criminal exploitation is a form of exploitation where children are groomed into committing criminal acts, sometimes in the context of gangs. Groomers may be adults or similar aged children (peers). Child recruiters are often victims of exploitation themselves. Children recruited into criminal exploitation may be tasked to complete 'test runs' which could include transporting items including (but not limited to) small amounts of drugs or knifes or people to other locations.

Harmful Sexual Behaviour (HSB)

Sexual behaviours expressed by children and young people under the age of 18 years old that are developmentally inappropriate, may be harmful towards self or others, or be abusive towards another child, young person or adult" 4

Violent Behaviour

Violent behaviour can occur in the absence of a young person being exploited where the young person either engages in behaviour that poses harm to others or appears to be a victim of violent behaviour outside the home. Such behaviour will often, particularly when it relates to groups of young people, require a multiagency response to reduce risk.

Modern Slavery (MS)

Modern Slavery is where a victim is, or is intended to be, used or exploited for someone else's (usually financial) gain, without respect for their human rights. The perpetrators seeking to take advantage of them could be private individuals, running small businesses or part of a wider organised crime network ⁵

APPENDIX B: COMPLEX AND CONTEXTUAL SAFEGUADING FLOWCHART

Across West Sussex, the response to extra familial harm is categorised by risk and vulnerability.

Complex Safeguarding procedures have been established to ensure children and young people who have had at least 1 hihg-risk missing episode within the preceding 7 days and/or have been risk assessed as experiencing harm whereby risk meets the threshold for statutory intervention and/or multi-agency management are discussed at the weekly Complex Safeguarding Missing & Exploitation Operational Group. This is chaired by West Sussex County Council Childrens Services and is governed by the West Sussex Safeguarding Children Partnership.

Children and young people who have not met statutory threshold for Childrens Services intervention, together with locations and contexts of concern identified by agencies and communities, are managed through locality based, multi-agency Contextual Safeguarding procedures.

The following flowchart depicts the differentiation and areas for potential escalation/de-escalation between the two strands:
