## Survey on Child Criminal Exploitation along the South Coast Area

**Take part in  
our survey  
and you can  
enter a prize  
draw to win a  
£25 voucher!**

Are you encountering child criminal exploitation in your work? This is a new and developing area of risk, and child safeguarding agencies are having to constantly learn about new and emerging threats and how best to address them.

We are conducting a **20 minute survey** with staff in your area to get a better picture of what kinds of risks are facing young people in your area. We want to learn more about your understanding of these kinds of risks, and how you work with them. The survey is completely

voluntary and anonymous and you can ask to be entered in a prize draw for a £25 voucher. Your employer has agreed to take part so you should fill it in as part of your usual work day.
